

Welcome to the 2021-22 MeiGray Game-Worn Jersey Authentication Program.

This is the program developed by the National Hockey League and MeiGray in 2002.

MeiGray has agreements with these 8 clubs for the 2021-22 season: Boston, Columbus, Edmonton, New Jersey, Nashville, Philadelphia, the expansion Seattle Kraken, and Washington.

MeiGray has been working with its teams to finalize the number of sets each team will be wearing, and the set dates. As each team finalizes, we will announce.

MeiGray's popular Goal, Game and Warm-Up Puck Programs also continue in 2021-22. We will be collecting Goal Pucks and/or Game Pucks in Boston, Columbus, Nashville, New Jersey, Philadelphia, Seattle and Washington. These Goal Pucks will be auctioned throughout the season at meigrayauctions.com.

We will be selling Warm-up Pucks for the Seattle Kraken on MeiGray.com and for the Washington Capitals at Capital One Arena, as well as Warm-Up Pucks for the Columbus Blue Jackets, Nashville Predators, and Philadelphia Flyers at selected games in their respective arenas.

It's Your Jersey ... He's Just Wearing It. One of the features of the MeiGray Authentication Program is the ability to pre-order your game-worn jersey. Because of our authenticity and security tagging procedures you can order your game-worn jersey now, watch your jersey as it is being worn on the ice, and then receive it after we obtain the jersey from the team.

Each team has structured its game-worn jersey program with MeiGray to best suit its fans and the collecting public. As in past seasons, we are taking pre-orders now that the season is underway. Our program details remain the same as last season:

- Once the jerseys are available and posted, you can pre-order a jersey online at meigray.com, or by calling us toll-free at 908-541-0114.
- Jerseys available for pre-order online will appear with PRE-ORDER in the title.

- A 25% deposit will hold any jersey until it arrives at MGG. Balances WILL BE AUTOMATICALLY PROCESSED with the same credit card used for the deposit and jerseys will be shipped when they arrive unless the collector specifically notifies MGG to call or e-mail before processing. And in those cases, payment must be made within 10 days of notification or deposit will be forfeited.
- Refunds will not be given on cancelled pre-orders. You may change from one pre-ordered jersey to another, or you can use your deposit without penalty on an individual in-stock retail-priced item of equal or greater price. Only one deposit can be used on an in-stock item if you choose to exchange a pre-order.
- EXCEPTION: Full refunds will be given on pre-orders that cannot be fulfilled by the team or MGG due to non-delivery of the jersey, unavailability of the jersey due to circumstances out of the team or MGG's control, if a player does not play in the jersey or if the jersey is retained by the club for historical purposes, or if the jersey cannot be made available due to NHL game circumstances beyond our reasonable control. We are thrilled the NHL is returning to normal in 2021-22, but we are mindful that COVID protocols might affect inventory this season. If that occurs, we will make collectors aware.

As we have been reaching out to each team to plan its jersey set inventory, special events, and set dates, we will begin posting team-by-team updates throughout the month.

MeiGray regularly speaks to other teams about joining or rejoining our program. Announcements regarding additions to the 2021-22 lineup will be made if a team joins or re-joins the program.

Our Authenticity and Security-Tagging Process remains the same as in past seasons. All jerseys are pre-tagged with individual serial numbers, and jerseys are checked post-use by MGG to confirm use as reported by the teams.

Team Reporting Procedures to MGG remain the same as in past seasons. Teams report the tag numbers as the sets are worn, and update MGG with relevant set information.

We continue to maintain and update the **team-by-team Customer Request lists**. We have begun calling all collectors who have requested the opportunity to Pre-Order 2021-22 jerseys. Once we complete the request calls, we post the available Set 1 jerseys for pre-order on our website.

We will continue to offer our unparalleled level of customer service. We will continue to ensure absolute authenticity because we still maintain the ability to security-check the teams with whom we're working. We will continue to track the jerseys so you know what was worn, and when. We look forward to continuing the high authenticity standards MGG established in 1997 and brought to the NHL in 2002.
