

Welcome to the 2023-24 MeiGray Game-Worn Jersey Authentication Program.

This is the program developed by the National Hockey League and MeiGray in 2002.

MeiGray has agreements with these six clubs for the 2023-24 season: Columbus, New Jersey, Nashville, Philadelphia, Seattle, and Washington.

MeiGray has been working with its teams to finalize the number of sets each team will be wearing, and the set dates. As each team finalizes, we will announce.

MeiGray's popular Goal Puck, Game Puck and Warm-Up Puck Programs also continue in 2023-24. We will be collecting Goal Pucks and/or Game Pucks from all of our partner teams. These Goal Pucks will be auctioned throughout the season at meigrayauctions.com. Game pucks will be available in our eBay store.

We will be selling Warm-Up Pucks for the Seattle Kraken on MeiGray.com and eBay.com, for the Washington Capitals at Capital One Arena, as well as Warm-Up Pucks for the Philadelphia Flyers at select games at Wells Fargo Center.

It's Your Jersey ... He's Just Wearing It. One of the features of the MeiGray Authentication Program is the ability to pre-order your game-worn jersey. Because of our authenticity and security tagging procedures you can order your game-worn jersey now, watch your jersey as it is being worn on the ice, and then receive it after we obtain the jersey from the team and authenticate it.

Each team has structured its game-worn jersey program with MeiGray to best suit its fans and the collecting public. As in past seasons, we are taking pre-orders now that the season is underway. Our program details remain the same as last season:

- Once the jerseys are available and posted, you can pre-order a jersey online at meigray.com, by emailing sales@meigray.com or by phone at 908-541-0114. You can directly reach our sales team representatives via the following:

Columbus Blue Jackets: Patrick Midney - Extension 213 - pmidney@meigray.com

Nashville Predators: Gray Richards - Extension 222 - grichards@meigray.com

New Jersey Devils: Andrew Wojciechowski - Extension 204 – awojciechowski@meigray.com

Philadelphia Flyers: Joe Manley - Extension 205 – jmanley@meigray.com

Seattle Kraken: J Gray - Extension 220 – jgray@meigray.com

Washington Capitals: Dave Meisel - Extension 214 – dwmeisel@meigray.com

- Jerseys available for pre-order online will appear with PRE-ORDER in the title.
- A 25% deposit will hold any jersey until it arrives at MGG. Balances WILL BE AUTOMATICALLY PROCESSED with the same credit card used for the deposit and jerseys will be shipped when they arrive unless the collector specifically notifies MGG to call or e-mail before processing. And in those cases, payment must be made within 10 days of notification or deposit will be forfeited.
- Refunds will not be given on cancelled pre-orders. You may change from one pre-ordered jersey to another, or you can use your deposit without penalty on an individual in-stock retail-priced item of equal or greater price. Only one deposit can be used on an in-stock item if you choose to exchange a pre-order.
- EXCEPTION: Full refunds will be given on pre-orders that cannot be fulfilled by the team or MGG due to non-delivery of the jersey, unavailability of the jersey due to circumstances out of the team or MGG's control, if a player does not play in the jersey or if the jersey is retained by the club for historical purposes, or if the jersey cannot be made available due to NHL game circumstances beyond our reasonable control.

As we have been reaching out to each team to plan its jersey set inventory, special events, and set dates, we will begin posting team-by-team updates throughout the season.

MeiGray regularly speaks to other teams about joining or rejoining our program. Announcements regarding additions to the 2023-24 lineup will be made if a team joins or re-joins the program.

Our Authenticity and Security-Tagging Process remains the same as in past seasons. All jerseys are pre-tagged with individual serial numbers, and jerseys are checked post-use by MGG to confirm use as reported by the teams.

Team Reporting Procedures to MGG remain the same as in past seasons. Teams report the tag numbers as the sets are worn, and update MGG with relevant set information.

We continue to maintain and update the **team-by-team Customer Request lists**. We have begun contacting collectors who have requested the opportunity to Pre-Order 2023-24 Home, Away and Third Set 1 jerseys. Once we complete the request calls, we post the available Set 1 jerseys for pre-order on our website. Other styles and sets will be made available once they are put into use by the team.

We will continue to offer our unparalleled level of customer service. We will continue to ensure absolute authenticity because we still maintain the ability to security-check the teams with whom we're working. We will continue to track the jerseys so you know what was worn, and when. We look forward to continuing the high authenticity standards MGG established in 1997 and brought to the NHL in 2002.
