

BUY GAME WORN JERSEYS

The Golden State Warriors and MeiGray Group announced today a multi-year extension to their previous partnership that will continue to offer jerseys and other game-worn and game-used items from the 2020-21 NBA Season. Under this program, MeiGray Group has offered fully authenticated Game-Worn jerseys worn by the Warriors since 2018-19.

MeiGray, which directs the NBA & MeiGray Game-Worn Authentication Program, will be working directly with the Warriors to offer jerseys worn by Stephen Curry, Draymond Green, Andrew Wiggins, James Wiseman and the rest of the team. Game-worn shorts, game-used balls and other items from the Warriors' locker room will be available throughout the season.

You, our most loyal collectors, can pre-order your favorite player's jersey in the Icon, Association, Statement, City and Classic styles the Warriors will be wearing all season long. And those jerseys will come directly off the court ... and into your collection.

"It's only fitting that the NBA's premier franchise chose to partner with the Sports Memorabilia Hobby's premier game-worn authentication company," said MeiGray President Barry Meisel. "We expect to bring the best jerseys from the best team after their best moments this season to collectors around the world. Here's to a great season with The Dubs."

The Warriors and MeiGray will also offer collectors all season long sets of jerseys in the Warriors' five styles from the 2020-21 NBA regular season via [NBAAuctions.com](https://www.nbaauctions.com).
